Treatments

Illuminate - \$125

***Series of 3 - \$300**

BD Rewards: \$7.50

Illuminate Peel is SkinMedica's lightest peel. This peel is appropriate for first time chemical peel patients, or for those seeking a gentler, superficial peel to help make skin brighter and more radiant, with little or no visible peeling. Excellent for an upcoming event.

Vitalize - \$200

***Series of 3 - \$425**

BD Rewards: \$15.00

Vitalize Peel is a powerful yet non-damaging skin treatment that helps fight the effects of time, sun damage, and environmental assaults. This treatment can take years off aging skin in just minutes. Vitalize Peel is the only superficial treatment suitable for all skin tones and complexions. This special formulation includes a unique blend of peeling agents: alpha-hydroxy acids, beta-hydroxy acids, resorcinol, and retinoic acid (obtained by physicians only). While results are predictable and noticeable after just one peel, dramatic results are best seen after a series of peels. This is a highly effective rejuvenation procedure with little "downtime."
